Reviews

This written publication is wonderful. It really is loaded with knowledge and wisdom You will not really feel monotony at at any time of your time (that's what catalogues are for relating to if you ask me).

(Desmond Becker)

ILLUSTRATED DENTAL EMBRYOLOGY, HISTOLOGY, AND ANATOMY (PAPERBACK)

Elsevier Health Sciences, United Kingdom, 2015. Paperback. Condition: New. 4th Revised edition. Language: English. Brand new Book. Featuring a full-color review of dental structures, Illustrated Dental Embryology, Histology, and Anatomy, 4th Edition, provides a complete look at the development, cellular makeup, and morphology of the teeth and associated structures. A clear, reader-friendly writing style makes it easy to understand both basic science and clinical applications, putting the material into the context of everyday dental practice. New to this edition are updates on caries risk, safe levels of fluoride use, and prevention of periodontal disease. Expert authors Margaret Fehrenbach and Tracy Popowics provide an essential background in oral biology for dental hygiene and dental assisting students, including excellent preparation for the board prehensive coverage includes all the content needed for an introduction to the developmental, histological, and anatomical foundations of oral health. Hundreds of full-color anatomical illustrations and clinical and microscopic photographs accompany text descriptions of anatomy and biology. An approachable writing style covers the latest evidence-based information and makes it easy to grasp and learn to apply the material. A logical organization separates the book into four units for easier understanding: (1) an introduction to dental structures, (2) dental embryology, (3) dental histology, and (4) dental anatomy. Key terms open each chapter, accompanied by phonetic pronunciations, and are highlighted within the text, and a glossary provides a quick and handy review and research tool. Clinical Considerations boxes relate abstract-seeming biological concepts to everyday clinical practice. Learning outcomes at the beginning of each chapter clearly identify the information you are expected to absorb. Summary tables and boxes provide quick, easy-to-read summaries of concepts and procedures and serve as useful review and study tools. Student resources on the Evolve companion website enhance learning with practice quizzes, sample case studies, review questions, and interactive exercises. A student workbook offers a wealth of interactive...
